

YOUR GREEN CHOICE

Natural Kale Powder

Lovingly grown and quietly dehydrated, kale leaves retain all their nutritional values as they are ground into powder.

Rich in antioxidants, vitamins, minerals and fibre, kale powder can be eaten in any combination, whether you add it to smoothies or bread dough, pesto, omelette, pie, pizza, pasta, rice, etc. It's the easiest way for people caught up in the daily grind, very busy, but also for cooking enthusiasts.

Nutrition declaration (on average per 100 g)
